"A Spirituals Experience"

Why "Wade in the Water?" Was there a reason to tell the chariot to "Swing Low?" Come explore the emotional, spiritual journey and hidden communication traditional African-American spirituals conveyed for the enslaved Africans in America.

In celebration of Juneteenth weekend, soprano, Yolanda F. Johnson, will offer special insight on traditional spirituals. Part-lecture, part-recital, the program will also include a sing-along for audience members to gain a new understanding of these well-known and beloved songs.
